

Easy Donuts

1 can of biscuits

oil - canola or vegetable

Candy thermometer/sauce pan or Fry Daddy

Heat $\frac{1}{2}$ a pan of oil to 350 degrees (be careful this will burn you!!!). Turn the heat down to a bit above low to maintain a heat of about 350. Chop biscuits into quarters or Grands into $\frac{1}{8}$ s. Fry until golden brown. When you remove from the oil let drain on a paper towel.
